Our vision statement

To develop a highly efficient and effective multi-academy trust which optimises the life chances of all students in all settings by delivering outstanding education, personal development and welfare provision.

Our core goals

To ensure that:

- we operate as one organisation across diverse settings, with a strong organisational culture
- co-development through collaboration and partnership is integral to our operations
- we deliver outstanding curriculum, teaching and learning, and teaching support in all settings
- the diverse educational needs of individual students and the priorities of local communities are met by the academies that serve them
- outstanding student performance and outcomes are achieved in all settings
- the development and welfare of our people is at the heart of our organisation
- all of our colleagues are highly professional and technically excellent
- we benefit from outstanding leadership and governance
- we are financially efficient and stable, delivering outstanding value for money
