# Star Awards 2019

From early years to secondary and beyond, the key challenge for all educators is to spark and nurture a love for learning for life. Our annual Star Awards are a wonderful celebration and recognition of the dedication and achievements of our staff, from secondary, primary and special schools across Nottinghamshire and Lincolnshire.

Our judges will be looking for outstanding examples of best practice from the academic year 2018/19, covering a breadth of roles in teaching and learning, operational and professional support areas. The winners will be announced at a formal awards ceremony **on Thursday 17 October 2019**.

## Why sponsor the Star Awards?

This event is an ideal opportunity for your organisation to get involved and to show your appreciation for those who educate and support the young people who live in our local communities. You will be helping us highlight the fantastic work they do day-in, day-out, and in doing so, you will be provided with the opportunity to promote your company and to build your brand credibility.

## About us

Diversity is core to our trust. Across our primary, secondary and special academies, we believe that all of our children and young people should be given the very best chance in life to progress – whether into further or higher education, employment or a more independent adulthood.

Our shared, common purpose ensures our strategy clearly connects us. We actively encourage and support each of our academies to develop further, recognising that high levels of success are not sustained by adopting a 'one size fits all' model nor by working in isolation. Collectively, we share and co-develop best practice for the benefit of all our academies. Whatever the size and shape of the academy, the accomplishment and development of each individual student is at the heart of what we do.
